

### Create new restaurant

1. Delete Description, Focalperson, Details
2. I cant edit details

### dashboard

1. I do not see all information like from <https://docs.google.com/spreadsheets/d/1-iQF-JdNdgoladPrjzSQGQDww9sjTlFb0cOMbOnqs/edit#gid=1088221939>
2. When i klikck restaurant dasbord i do not see all oprions like „add the deposit etc...”

### add expense

1. I cannot add all types of files - e.g. I cannot add image files, I want to add all types of \*. \* Files
2. I do not see full employee name (name and surname).

### add salary

1. I do not see full employee name (name and surname).
2. Bonus Ammount is not a mandatory field

### add daily report

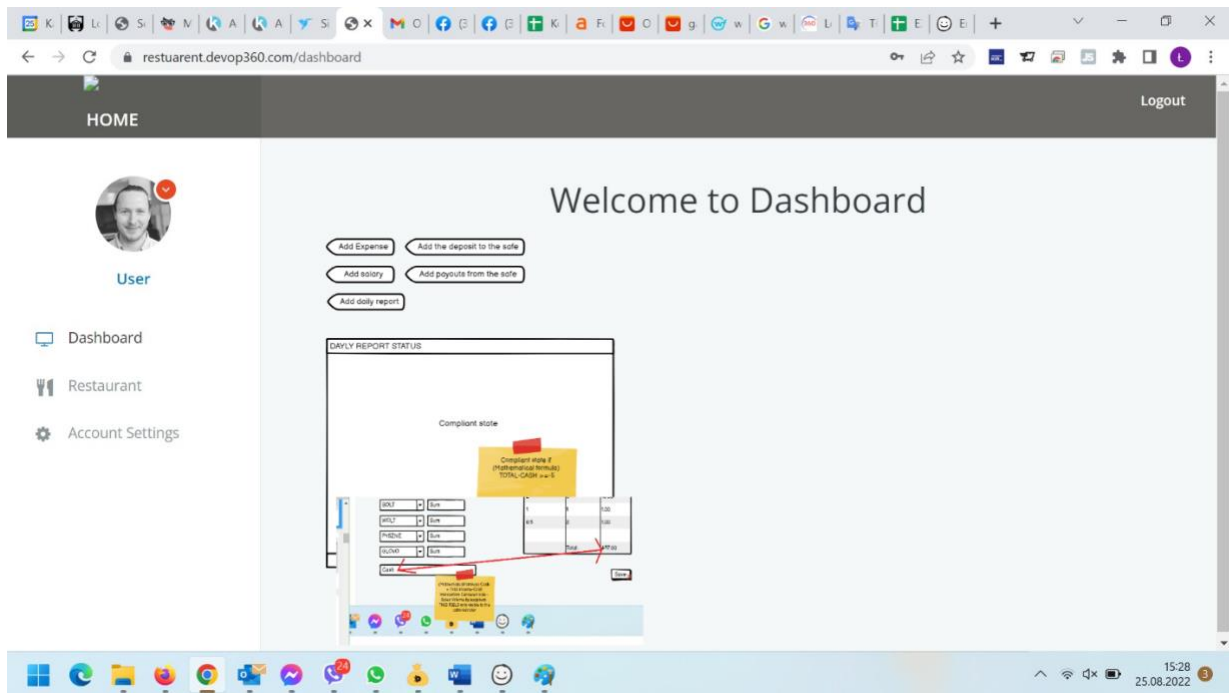

1. I do not see full employee name (name and surname)
2. This field has bad data

Bank note	Quantity	Total
200	1	200
100	0	
50	0	
20	0	
10	0	
5	0	
2	0	
1	0	
0.5	0	

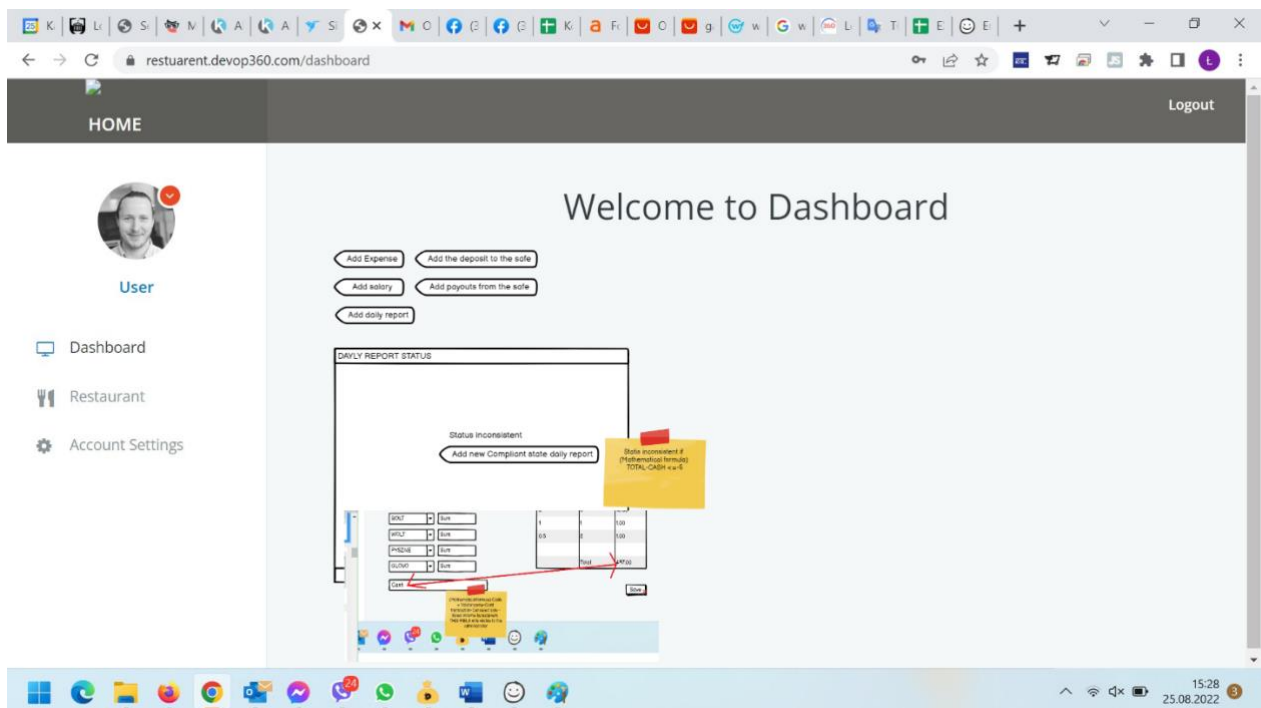

CASH = (Mathematical formula) Cash = Total income-Card transaction-Canceled sale - Sales Volume by suppliers-Today expense-Today paid salary in cash THIS FIELDS only visible to the administrator currently not subtracting (Today expense-Today paid salary in cash )

3. When i click „create”

Should be:

or

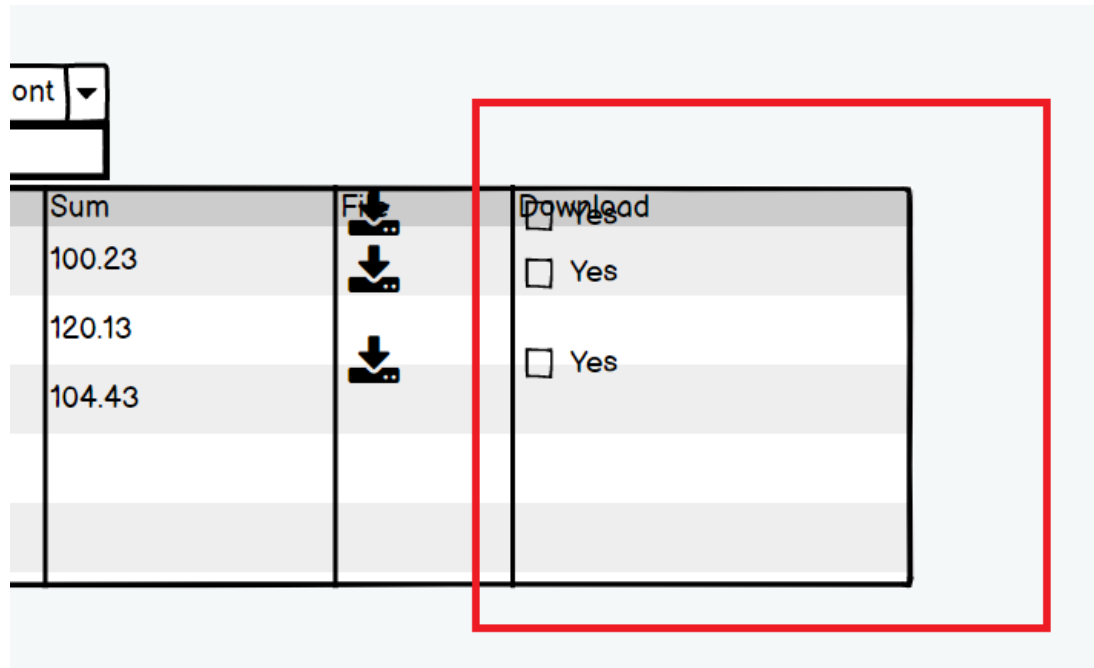

**VIEW SAFE**

1. When editing transactions - Sum after transaction - does not show up correctly, and the date is not getting better

2. I do not see employee name who add transaction (name and surname)

### VIEW EXPENSE

1. The most recent data should be displayed at the top and the older the lower. Sort by date descending
2. There is no information about Expense Name in table (full name (name and surname))
3. There is no checkbox in table - ☐ ☒

Sum	Download	Yes
100.23		<input type="checkbox"/> Yes
120.13		<input type="checkbox"/> Yes
104.43		<input type="checkbox"/> Yes

4. There is no option to edit or delete the added item

### VIEW SALARY

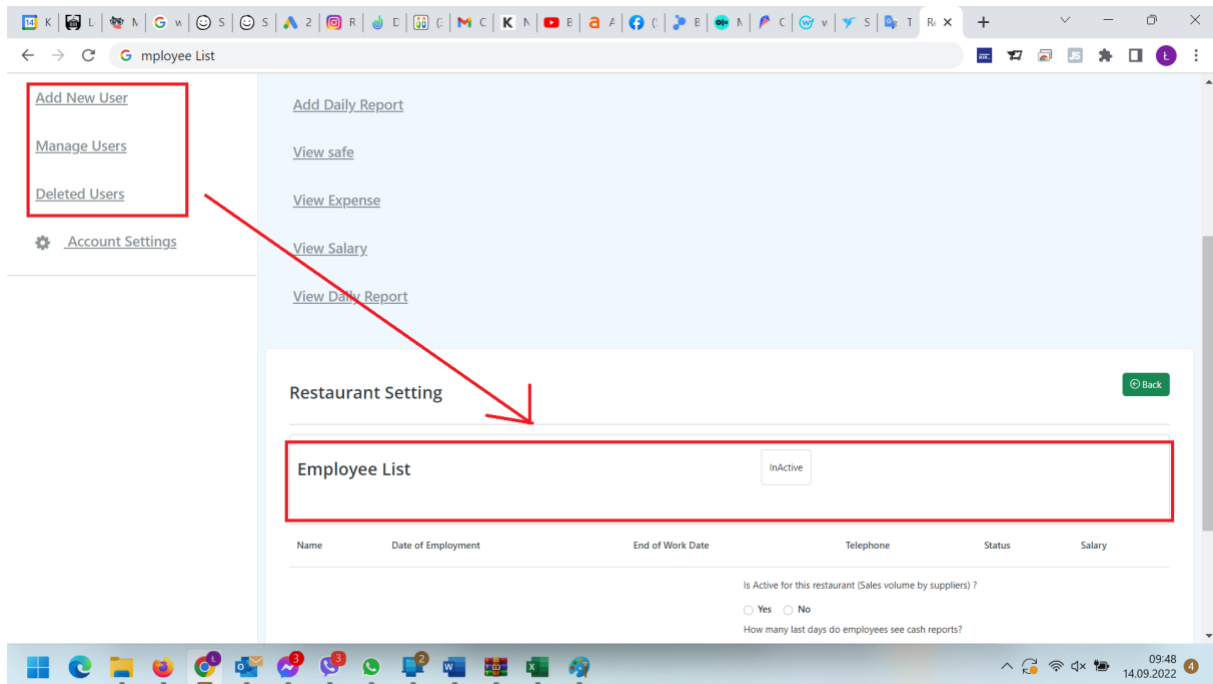

1. I do not see full name (name and surname employee)
2. The salaries of the same employee for a given period should add up and not be added as a separate item
3. Hours sum gives wrong data, gives full hours despite the fact that someone was working, e.g. 7 hours and 45 minutes
4. Average for the hourpo gives wrong data, gives/calculate full hours even though someone worked, e.g. 7 hours and 45 minutes
5. I can not edit/delete added information.

### VIEW DAILY REPORT

I can't check it now due to bad data in add report

## CREATE MANAGE USER

1. Add/manage new user should be in the Restaurant Setting (Employee List) section and not as separate data

2. Address do not work
3. only name, surname, status, linked restaurant are mandatory fields when adding, the rest of the fields are optional

## DELETE USER

1. I Can not edit, add, delete role and users

## Restaurant Setting

1. Employee full name (name and surname)
2. Is Active for this restaurant (Sales volume by suppliers) ? I can't see which option is selected
3. How many last days do employees see cash reports? – do not work
4. When i edit/addsupplier delete fields sum, Date Of Order and Date Of Delivery
5. Salary rate do not work like in example:

Employee name

date of employment

End of work date

Telephone

Active/Inactive

Tom Xyz	01-01-2022		601 601 601	Active
Katy Xyz	01-01-2022	31-05-2022	601 601 601	InActive

Salary Rate

20

21

22
